

4" Industrial Covers

Material: Galvanized Steel

Application: These 4" square industrial surface covers are used to mount electrical devices on 4" square boxes in industrial settings, or when boxes are surface mounted or positioned in exposed work applications.

Advantages: 4" square, industrial surface covers allow for quick installation of devices and switches onto steel covers before they are mounted to the box. There is no bonding jumper required on covers with crushed corners, covers that have two or more device attachments (attachment screws included), or devices installed with the included lockwasher.

Field Names: Cover, raised surface cover, exposed work cover, crushed corner cover, surface cover, device cover, switch cover, raised switch cover, raised surface cover,

UL File No: E526989
